Sixty Magazines Recommended for Kansas Libraries

Following is a list of periodicals believed to be suitable for Kansas libraries. The groups, each of ten periodicals, are fairly representative, and are recommended in their order. It is not to be understood that all the reputable periodicals are included. From the special list substitutions and additions may be selected as the need of the community directs. In preparing this list, frequent reference has been made to a list adopted by the Massachusetts Library Club (see Public Libraries, March 1914).

Along with the first group, it is recommended that subscription be entered for the Readers' guide to periodical literature, not as a substitute for any other, but as an indispensable reference tool multiplying the usefulness of even the smallest list of periodicals. Its price is graduated (Provided subscription is entered direct with the publishers, The H.W.Wilson Co., White Plains, N.Y.), beginning at \$4 per year and increasing with the number of periodicals received by the subscribing library, the maximum being \$12 per year.

It is recommended that several Kansas and metropolitan newspapers be kept on file.

As far as its facilities permit, the Library of Kansas State Normal School, at Emporia, is glad to answer questions regarding this and other library topics.
